

# BENCHMARK MINERAL INTELLIGENCE

## ITINERARY

**An exclusive opportunity to participate in a unique 5-day China cobalt and cathode field trip. Places limited.**

### MONDAY MARCH 25

9:00: Leave from Wuhan Airport by bus  
9:00-11:30: Bus to GEM (Jingmen)  
11:30-13:00: Lunch with GEM executives  
13:00-16:00: Visit GEM Industrial Park, including cobalt salt, precursor, powder, and recycling factories  
16:00-18:50: Jinmen to Wuhan Train Station by bus  
19:00: Hotel check in and dinner

### TUESDAY MARCH 26

08:25-12:21: Wuhan to Wuxi East by high speed train  
13:00-14:00: Lunch  
14:00-17:00: Visit GEM cathode factories and new material research institute  
17:00-19:00: GEM to Liyang  
19:00: Hotel check in and dinner with government officials

### WEDNESDAY MARCH 27

9:30-11:30: Jiangsu Xiangying New Energy Technology Co.,Ltd.  
11:30-13:00: Lunch  
13:30-16:00: Visit Battery + EV industrial park  
16:00-19:00: Liyang to Shaoxing by bus  
19:00: Hotel check in and dinner

### THURSDAY MARCH 28

9:00-11:30: Visit China Greatpower Jinchuan Advanced Battery Materials Corp. and New Era group Zhejiang New Energy Material Co.,Ltd.  
12:00-13:00: Lunch  
13:00-14:00: Travel to Yuyao  
14:00-16:00: Visit Ronbay New Energy  
17:00: Back to hotel and dinner

### FRIDAY MARCH 29

8:32-10:21: Yuyao North to Quzhou by high speed train  
10:50-11:30: Meeting with executives of Huayou Cobalt  
11:30-12:30: Lunch  
12:30-15:00: Visit Huayou Cobalt factories  
16:03-18:22: Quzhou to Shanghai Hongqiao Station (airport) by high speed train

\* Guests must arrange own travel to Wuhan International Airport (PEK) and out of Shanghai. All other arrangements will be made by Benchmark
